Personal.

Mr. Eddie Miller is back again at his case, as natural as life.
Mrs. Mary Lizzie Gee, of Dorie's Depot, has been spending some days in Sumter visiting her relatives and many friends. Mr. Gee was also in town a few days.
Mr. J. J. Hendrick, Jr., of Wilmington, N. C., spent the holidays with friends in Sumter. He was not hunting work as has been reported, but merely on a visit.
President Wallace, of the National Bank, has moved his family to town.
Mr. J. T. Solomon is back in Sumter on a visit. He is pleased with his new home, and if rumor speaks true, expects to carry some one from Sumter, to make it less lonely.
Mr. Yates Snowden, editor of the Berkeley Gazette, gave us a pleasant call last week.
Mr. Augustus S. Weeks, formerly of Sumter, but since the war a resident of Panama, N. M., made us a brief call last week.

The principal of the Sumter White Public School expects to open on Wednesday with 102 pupils.
The Conference of the M. E. Church, colored, will meet in Sumter, January 16th. Bishop Bowman will preside.
We call attention to the notice to the Stockholders of the Sumter Bank, in another column.

Mr. J. A. Scherwin sent up two hot-air balloons Christmas eve night, which called forth prolonged applause from the boys. They were very pretty.
On Sunday last, Rev. H. F. Christburg delivered a memorial sermon, in memory of those of his church who have died during the year.

Mr. C. A. Boykin who carries the Smithville mail, had a little runaway frolic with his mule last Wednesday, and was thrown out of his buggy. We are glad to know that his injuries are not severe.
Capt. J. E. Atkins of Mayesville does a big business in the cotton-ginning line. Last year he ginned over 1200 bales cotton, and this year, in despite of short crops, he has turned out over 1,000 bales.

The News and Courier has sent out a Pictorial Annual for 1884, and we are under obligations for a copy. It is pretty and useful, containing much information sandwiched between its artistic pictures and attractive advertisements.

Mr. Isaman, when he opened his store in September, told his clerks that he would give a nice suit of clothes to the one making the most cash sales between that time and Christmas. Mr. Eugene Moses was the fortunate youth, and has received one of Mr. Isaman's best suits, in return for the faithful work done in the interest of his employer.

Some of our young men, ever mindful, as all our young men are, of the wishes, even though unuttered, unexpressed, of their young lady friends, arranged for an impromptu dance at the residence of Gen. E. W. Moore on the night after Christmas. Sweet music and pretty faces winged the hours, and parting time came all too soon, after spending a most pleasant evening in gay festivities.

Dr. D. J. Auld has built a gallery in the rear end of Music Hall, large enough for four tiers of seats, which will be duly appreciated by those occupying them. The price for these seats will be lower than for those near the stage. Dr. Auld will bring out a fine troupe, M. B. Leavitt's Gigantic Minstrels, and they will perform in Music Hall on next Thursday evening. This troupe is spoken of as one of the best on the boards, and therefore goes away expecting a rich treat Thursday evening.

Emancipation.
To-day, our colored friends are celebrating the anniversary of emancipation. A procession marched through the streets with music and banners, and addresses were afterwards delivered at the colored School House. Mr. Mackey, our Representative in Congress, is here, and we suppose made a speech, but we go to press too early to give any report of the proceedings.

Tournament.
Last Friday, the beauty and chivalry of Providence, turned out in force, at the tournament grounds near Mr. Charley Williamson's.

Mr. Jas. Carnes won the first prize, and crowned Miss Viola Queen of Love and Beauty; Mr. Wm. James, the Second Knight, crowned Miss Lizzie Phillips, First Maid of Honor; J. A. Boykin, Third Knight, crowned Miss Annie Doby, and Mr. Sam Shaw, Fourth Knight, crowned Miss Minnie Green.

There were thirteen gallant Knights in the ring, and the performance will be repeated to-day at Bishopville.

Christmas Tree.
Monday evening was a bright time, notwithstanding the gloomy weather and lowering clouds, to the pupils of the Misses Harts School. A Christmas Tree, with all its concomitants, was erected at the residence of Mr. C. M. Harts, and the little folks, from 4 till 8 o'clock, had a most jolly time. At 7 P. M. Santa Claus, in propria persona, with snowy locks and impressive countenance entered the crowded room, and after a short speech to the wide-eyed, open-mouthed youngsters, proceeded to give out the presents. The old Saint showed his earnest nature and appreciation of good things, by insisting upon a kiss from all the girls. Some of them seemed a little bashful, but others gave him vigorous hugs, and the old chap doubtless had a real nice time. After the presents were distributed, cakes, pies, fruits, candies were fed to the youngsters in profusion. Then some fireworks, and then home. The Watchman and Southern was kindly remembered in a tin horn, with which it doubtless awoke the echoes on the birth of the new year, this morning. One of the staff got a huge stick of candy, and he feels sweet all over to-day.

Married.

On Sunday the 22d December, by Rev. C. C. Brown, Mr. Henry Linger to Miss Belle Carter, all of Sumter.

Wednesday, the 19th December, at the residence of the bride's brother, Mr. Jas. Crosswell, by the Rev. N. K. Melton, Mr. Thos. Beckins and Miss Hattie Crosswell, daughter of the late Jno. J. Crosswell of Bishopville.

On Thursday, 20th December, at the Methodist Church, Bishopville, by Rev. N. K. Melton, Mr. John Speer and Miss Mary Durant, daughter of the late G. W. Durant, all of Bishopville.

At the residence of the bride's mother, by the Rev. T. A. Porter, on the 21st ult., Major A. Hamilton Boykin, of Kershaw, to Miss Manning, daughter of the late Col. Brown Manning, of Clarendon.

On the 18th inst., by Rev. M. E. Broadus, Mr. D. C. Kirkley to Miss Nannie Walker, both of Camden.

On the 19th inst., at Shiloh Church, in this County, by the Rev. W. A. Betts, Mr. Robert Tomlinson to Miss Mary Isabella Jane Mims, all of Shiloh.

Robert O. Purdy, Esq., and Miss Hattie Ingram, daughter of Dr. J. I. Ingram, were married last Tuesday and left immediately for the home of Mr. Purdy's parents who live in Virginia, where they will spend the holidays. We tender our congratulations to the happy pair.

Deaths.

Rev. and Mrs. C. C. Brown have had the misfortune of losing their little infant. It was buried to-day.

Little Hattie, daughter of Mr. and Mrs. Philip Drayton, of Oakland, died on the 19th, December.

Cotton Seed Oil Mill.

Maj. Dargan has received a communication from a Pennsylvania gentleman, making inquiries as to the practicability of establishing a cotton seed oil mill in Sumter, and while speaking about it, one of Mayesville's good citizens, said that his town wanted just such an establishment, and that he was not only willing to invest considerably in the enterprise, but would also give a lot for the purchase.

We have no reason why such a mill would not pay handsomely here, and we are confident that many Sumterers—if it would—offer as many inducements as any place in the county, besides being more centrally located for the purchase of seed.

Electra.

This first class Magazine is promptly on hand. It is one of the best published for Schools and Colleges, and our older young people. No other Magazine is specially devoted to their literary cultivation. Its aim is so high and its pages so attractive, that all will be pleased.
It was started in May, 1883, and in September, "At Home and Abroad" was purchased, and its subscribers added to the large number already taking the Electra. It is published at Louisville, Ky., at \$2 per year. We will club it with the Watchman and Southern at \$3.50 for both.

New Publication.

We are in receipt of Part 12, of the "John Hopkins University Studies in Historical and Political Science." This paper contains a brief history of Local Government in South Carolina from its earliest settlement. It also contains a sketch of the various Free School Systems of the State. Commencing in 1712, when the first free school was commenced in Charleston, it traces the progress of education up to the year when 20,000 children attend free schools, at an expense of \$200,000. Much valuable information can be found in its pages.

Supper.

Claremont Lodge, No. 64, A. F. M., after the installation of its officers, on the 27th December, celebrated the festival of St. John, the Evangelist, by a supper at the Jersey House. The occasion was very pleasant; friend Jerry had a capital supper for the brotherhood, and the members enjoyed it immensely. Claremont Lodge has one or two valiant trenchermen whose reputation stand deservedly high, as able eaters on such occasions, and, as in the past, they did entire duty on this important occasion. Mr. Jerry beamed upon his guests with all the hospitable instincts of a veritable landlord, and viewed the magical disappearance of the good things, so abundantly furnished, with the greatest pleasure, and looked as if he felt sorry that the brotherhood could not consume all he had placed before them.

Fatal Accident.

A young man, Jessie Conyers, son of Robert Conyers, of Shiloh township, was thrown from his horse near Wad's mill, on Saturday, the 22nd inst., about 12 o'clock, and died that night at eight. He with a young companion were running their horses, and his horse, on coming to a fork of the road, suddenly turned, which crested him beyond recovery, throwing him against a pine, his head striking, causing death in a few hours. He never spoke after falling. This is the second accident that has befallen Mr. Conyers' family. A few years ago, in falling a tree himself, a son about sixteen became excited, and in running to avoid the falling tree, unfortunately took the wrong direction, and was caught, one of the limbs pinning him to the ground, causing death in a short time.

TUTT'S PILLS.

In the bright autumnal days the temptation to comfortable exposure yields its fruit in a most pernicious cough and irritation of the throat. Dr. Tutt's Cough Syrup stands unrivaled as a remedy for throat and lung diseases. 25 cents a bottle.

Young Jones, talking of his sweetheart, who has recently died, said: "Oh, but she was a dear girl; fair of face, perfect of form, sweet, lovely and delicious, and how she did love ice cream and dancing."

Prohibition Still Alive!

The Charter of the Town of Sumter, (section 20, page 630 of Acts of Assembly 1870-71.) provides "That the said Intendant and Wardens shall have full and exclusive power to grant or refuse licenses to keep taverns, to retail spirituous liquors," &c. The new Charter, passed at the late session of the Legislature, does not repeal the above.

Friends of good order, elect a Council in April next, pledged to refuse licenses, which ruin our young men, and make widows and orphans of our women and children, and all will yet be well.

Why suffer longer from dyspepsia, indigestion, want of appetite, loss of strength, lack of energy, malaria, intermittent fevers, etc. Brown's Iron Bitters never fail to cure these diseases. They act like a charm on the digestive organs, removing all dyspeptic symptoms, such as belching, heartburn, biliousness, etc. Remember it is the only iron preparation that will not blacken the teeth or give headache. Ask your druggists concerning its merit.

Mr. F. P. Loog, White Plains, S. C., says: "My wife used Brown's Iron Bitters for general debility and gained both appetite and strength."
Rev. Elijah Wilson, Wrightsville, Pa., says: "Brown's Iron Bitters have permanently cured me of chills and fever."

The great demand for Shiner's Indian Vermifuge is solely due to its intrinsic value. Thousands use it to-day in preference to any other, and say that it destroys and expels worms effectually.

Dear Sir—I take great pleasure in certifying to the efficacy of H. H. P. It has done more good for me than any Liver Medicine I have ever used, and has almost entirely cured me. Very respectfully, W. G. Fuss, Of Furse & Evans, Ins. Agents

Kelley's Island, Ohio, March 26th 1880.—I have used Kendall's Spavin Cure on a horse spavin, and am pleased to report that it has taken the enlargement completely off. I took only one bottle to perform the cure. I am confident if it is properly used it will do all you claim for it. Yours truly, C. M. LINCOLN.

"We have struck a smoother road, haven't we?" asked a passenger of a conductor on an Arkansas railway. "No," replied the conductor, "we have only run off the track."

Akron, Ohio, July 18th 1880.—Some three years ago I had a horse become very lame from a Spavin. I treated it with Kendall's Spavin Cure with marked success. Since then I have sold a great many bottles, and have heard of cures resulting from its use. I am frank to say I can thoroughly recommend it as an honest remedy. Yours truly, A. M. ARMSTRONG.

"Now, children," she continued, "what is the meal you eat in the morning called?" "Oat meal," promptly replied a member of the class.

Ruin Wrought in the Forest.
How depressing it is to see acres of trees cut down in the midst of a noble forest. How saddening it is also to see that that spot in the midst of your otherwise abundant hair. Stop it at once by the use of Parker's Hair Balsam. For actual efficiency this famous article stands at the head of its class. Elegant for the toilet, delicious in odor, and restores the original color to gray or faded hair. Economical, as a slight, occasional application keeps the hair and scalp in perfect order.

COMPOTROLLER GENERAL'S OFFICE, ATLANTA, GA., July 9th, 1883.
Dr. P. R. Holt, Eufaula, Ala.
Dear Sir: I am pleased to report that I have been entirely cured of indigestion by the use of your "Dyspeptic Elixir." I was induced by a friend to try it after having tried almost every remedy known for my disease, without the slightest effect. I took only three small bottles of your medicine before I was entirely well. I suffered several years, and although it has been three years since I used your preparation I have had no return of it. Yours truly, W. A. WRIGHT, Com. Gen. State of Ga.

WARNER'S SAFE
KIDNEY-LIVER CURE

Disease is an effect, not a cause. Its origin is within: its manifestations without. Hence, to cure the disease the cause must be removed, and in no other way can a cure ever be effected. WARNER'S SAFE KIDNEY AND LIVER CURE is established on just this principle. It realizes that

95 Per Cent.
of all diseases arise from deranged kidneys and liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these great organs, both as a food and restorer, and, by placing them in a healthy condition, drive disease and pain from the system.
For the innumerable troubles caused by unhealthy kidneys, liver and urinary organs; for the distressing Disorders of Women; for Malaria, and for physical derangements generally, this great remedy has no equal. Beware of impostors, imitations and concoctions said to be just as good.
For Diabetic cases, see WARNER'S SAFE DIABETES CURE.
For sale by all dealers.
